

Applied Decision Technologies, Inc.

COMPANY OVERVIEW

Applied Decision Technologies, Inc. (ADecTec) is a GSA Schedule contract-holding technology company founded in 2007 in Atlanta, Georgia. We provide purpose-built software platforms, AI-driven modernization services, and enterprise operations consulting to federal, state, and local government agencies as well as commercial organizations in manufacturing, logistics, and healthcare. Founded by operations research scientists, every engagement is grounded in mathematical optimization, machine learning, and secure cloud-native architecture delivering measurable outcomes with zero operational disruption.

WHY ADECTEC

Decision Science DNA

Founded by operations research scientists. AI is built in, not bolted on. Every engagement is grounded in mathematical optimization and data-driven decision making.

Government-Grade Security

IMPACT Level 5 compliance, defense-in-depth architecture, immutable audit logging, and isolated storage environments as standard, not premium.

Products + Services Under One Roof

Unlike consultancies that recommend and leave, we build and maintain the platforms our clients run on, tailored to every client's mission.

CORE COMPETENCIES

AI Operations Strategy

Operational assessments, AI readiness scoring, use-case prioritization, governance frameworks, and executive-ready AI adoption roadmaps.

Application Modernization

Legacy-to-cloud migration, microservices architecture, ERP re-platforming, API integration, and zero-loss data migration.

Data Intelligence & Analytics

ML model development, predictive analytics, ETL pipelines, Power BI / Tableau dashboards, and AI/ML monitoring frameworks.

Secure Platform Delivery

LAMPS (manufacturing/logistics), ROADS (route optimization), Secure Vault (ILS records), and arcPartograph (clinical digital tools).

Network & Infrastructure Management

Cloud-to-edge integration, predictive network analytics, security posture hardening, and 24/7 managed operations.

Productivity & Process Improvement

Process analysis, mathematical optimization, lean engineering, workflow automation, and real-time analytics dashboards.

CONTRACT VEHICLES & CERTIFICATIONS

Contract Vehicles

GSA Multiple Award Schedule (MAS) - 47QTCA18D0091

GDOT Prequalified Vendor

Cooperative Purchasing Eligible

SBA Certified Small Business
